IV The purpose of the literature committee is to raise the awareness for A.A. Conference-approved literature, audiovisual and other special items.

V Report from Chair

Who has received their literature package from GSO in the mail?

- What did you like about it?
- Do you have any questions about it?
- What ways do you think it can be used?

Did you notice the Literature display package request card? I emailed this card into the Literature desk at GSO and they have informed me the display is on the way!

VI We, as a committee, are signed up to do a Literature workshop at the October assembly. Maybe we can include this display as part of the workshop? While we are all together today, let's spend some time coming up with a plan of action. We can bring a rough draft to the August ZOOM meeting and a final draft to the September ZOOM meeting. That is not a lot of time together so... Is it possible that we create an outline of topics to present and each person spends time at home researching and writing about the one they want to present? Or, pair up and write a short skit or power point presentation. I have prepared some examples if that would be helpful. If some people are not interested in writing and presenting, maybe they are willing to prepare the display. (Big job)
