

SOUTH EAST TEXAS AREA

QUARTERLY NEWSLETTER

Oct.2019

DELEGATE

**Hello South East
Texas Area 67!!**

Like some of you maybe, I wasn't really taught about the Traditions directly. Sure, they hung on the wall but in the groups I attended they were never directly addressed. I often joke that the only reason that I ever learned about the traditions was by breaking them all.

I was only concerned about my individual welfare, I was fairly sure I was my own ultimate authority, I had no money or property to speak of but lived solely on outside contributions, no being at all self-supporting, I was however without doubt nonprofessional and unorganized still I was prone to be opinionated and drawn to public controversy. Still, I was full of pride and promoted myself often yet attracted no one.

Today, after many hard learned lessons I believe more than ever we cannot afford to let the Traditions simply be decoration for our meeting room walls. My sponsees will tell you that I am every bit as eager to talk Traditions as I am the Steps. And while you can achieve sobriety from taking the Steps you can simultaneously wreak havoc on the Fellowship without learning our Traditions.

At the end of the day the traditions again were written to ensure the AA Fellowship would remain united but sadly, I too often hear these principles used more as weapons for division than tools for Unity. I cringe when I hear someone spout out "each group should be autonomous" to which I will match their spouting with "Except in matters affecting other groups or AA as a whole."

Sadly, I still hear people who are concerned about who makes up our membership. Bill in his writing states..." That is why we all judge the newcomer less and less. If alcohol is an uncontrollable problem to him and he wishes to do something about it that is enough for us. We care not whether his case is severe or light, whether his morals are good or bad, whether he has other complications or not. Our A.A. door stands wide open, and if he passes through it and commences to do anything at all about his problem, he is considered a member of Alcoholics Anonymous. He signs nothing, agrees to nothing, and promises nothing. We demand nothing. He joins us on his own say-so. Nowadays, in most groups, he doesn't even have to admit he is an alcoholic. He can join A.A. on the mere suspicion that he may be one, that he may already show the fatal symptoms of our malady.

Additionally, one of the concerns I hear most often as Delegate is about money, money that our groups have, and the money that our Districts, Area and GSO spend. This I guess will always be a place of debate...Again Bill writes...Where the proper use of money ends—and its misuse begins—is the point in “spiritual space” we are all seeking.

So, I know that more than likely I am preaching to the choir and that if you have taken time out of your day to actually read the newsletter, you too consider yourself a Guardian of the Traditions and I thank you. But I want to challenge you to think about how you use the principles...Are you using them to maintain unity? Are you using them to ensure the fellowship relates itself appropriately to the world about it? And finally are you using them to make sure our program continues to live and grow?

Troy B-D

Area Delegate

Panel 69

ALTERNATE DELEGATE

The last few months have been a blur, following Troy around from District to District. It's interesting to see the variety of "personalities" the Districts in Area 67 have. Intellectually, I knew this was going to be the case, but it's quite another thing to experience it. So far, the main thing that all the Districts have in common is a genuine love and respect for our Delegate. At this writing, Troy only has 3 more report outs, D33, D40 and D20. The last two are my home District and his home District respectively. This wasn't planned, just came out of the hat that way. Things have changed a lot in my home District since I putted around as DCM-all for the better, I'm sure. The recent Traditions dinner was much more interactive than it used to be, and I found it to be a refreshing change.

One of the nice things about service is that it forces my perspective to change and I hope, to grow.

I hope to see many of you at the Forum, and if you read this article beforehand, please speak up in the meetings you attend and let folks know about this rare opportunity to broaden their AA experience without having to travel hundreds of miles.

In service,

Kris H.

Alternate Delegate, Area 67 Panel 69

CHAIR

Let me once again start by saying “thank you SETA,” for this opportunity to serve. Service commitments always offer the opportunity for growth, for learning and the making of many new friends. All these things have taken place for me, and I’m sure will continue to occur.

I want to thank each and every one of you who helped make the July Assembly a success. Being at a different hotel offered many challenges, and as our fellowship generally does, you rose to the occasion by practicing love, patience, tolerance and kindness. Most of the responsibility for ironing out the details with the Doubletree Hotel fell on your Alternate Chair, Christina S. I cannot say enough about how well she handled this endeavor. We were in uncharted waters and she handled things in a calm and very efficient manner. After we adjourned on Sunday morning, one trusted servant told us that this situation presented a perfect opportunity to turn into chaos (that was not exactly the language he used, but for the sake of decorum, we’ll will leave it at that). Thanks to Christina and each of you who attended, this was not the case.

Several of you have expressed interest in the Doubletree Hotel becoming our home base. We are under contract with the Sheraton for a few more Assemblies. As we approach the end of that contract, there will be proper search for hotels (and possibly other facilities) that can meet our needs.

I would like to say a few words about the upcoming Regional Forum. If you had not had the opportunity to attend a Forum, don’t miss this chance. It will be 22 years before it is held in our Area again. You will have the opportunity to ask all the questions you may have about how “New York” does things the way they do. Whether you have questions or not, I promise you will learn a lot about how our service structure works. Plus, it offers the opportunity to meet your counterparts from other Areas. That means new friends! There will also be ample opportunities to volunteer (or get voluntold?) to serve at the event. Greeters, hospitality suite volunteers and many others will be in high demand.

As we enter the second half of the Panel 69 rotation, it is not too early to begin thinking about what our Higher Power many need us to do during the next rotation. It’s not your ability that counts. What is your availability?

In love and service,
Rick M.
Area 67 Chair

DCM-90

Recovery Life

If asked 10 years ago if there was a difference between AA Fellowship and the AA Buddy System, I would have probably said no. The two seemed to mean the same thing. That was before working all 12 Steps, having a spiritual awakening and growing up!

In the beginning, the way I socialized in meetings and outside the rooms with AA members, in search of what you guys called “The Winner’s”, I finally found my way. For years I watched women and men to teach me how to live wholesome and healthy. Some of the women were in college, taking care of family, working, and attending meetings. The men were respectful, loving, caring, and attending meetings. I needed to improve my current physical position in life, my spiritual and mental life was starting to be more fulfilling. I had no idea how to be myself with this new found me. I wanted and dreamed of more education in and out of Alcoholics Anonymous.

Fast forward to the present, I understand what true AA Fellowship means. Men and women that has the God given ability to lead you to the light, build bridges that will connect you back to the God of your understanding, that will teach you how to re-educate yourself through 12 Steps, 12 Traditions, 12 Concepts, 12 Promises, and assist in helping you to rise academically. I stopped trying to impress others by trying to be different. Today, I’m fully equipped with a “Toolbox”. I’m no better or no less, but proud to have the ability to look in the mirror. I understand that being part of the fellowship is a spiritual connection. Strangers that would not normally mix, are now family. I am the person that I was always meant to be. Sober and serving the fellowship that saved my life!

In service,
Bella L.
D90 DCM

DCM-81

Hello from District 81

If you traveled to Galveston this summer you drove right through our District with 54 groups. If you stayed at a Hotel in Galveston you probably noticed our PI committee at work as they provide meeting schedules for the Guests of the Island.

We are energized and excited with all committees working and presenting workshops to our members. The CFC and TFC committees continue to take meetings in Prison and Jails and treatment facilities. Our Work Shop Committee also had stellar results with their past workshops, with great attendance and attendee's participation.

WE are busy with the January SETA convention hospitality suite and have openings for meals if any group or District would like to participate.

Our monthly District meeting has been showcasing one committee a month. Our Archives Committee was showcased this past meeting and presented information "How AA came to Houston" as well as several informational boards with historical information.

Yours in service

Catherine G. DCM District 81

PUBLIC INFORMATION

COOPERATION WITH PROFESSIONAL COMMUNITY

12th Step your Doctor!

Q: What!? My doc's a drunk!?

A: No, no, no. Well, could be, but that's not the point. The point is:

- Reach out to your doctor and let them know what Alcoholics Anonymous is, and how's it's helped you to find sobriety, and how it might be able to help some of his/her other patients who might have a drinking problem
- Take them some pamphlets like "AA as a Resource for the Health Care Professional" and "If you are a Professional..."
- Ask if they 'd be willing to let you put some pamphlets or Grapevine magazines in their waiting room. If they say yes, consider using an "Adopt-a-Rack" literature rack for this, you can contact the PI Chair to get one at pi@aa-seta.org, or if that doesn't work try the CPC chair at cpc@aa-seta.org. You could also just order a subscription to the grapevine and place one in the waiting room each month.
- Let the doctor know he/she can refer people to the local intergroup number for meeting information, that you'd be willing to be a contact as well (if you are), and that the CPC committee can be reached at cpc@aa-seta.org to put on presentations about AA for his/her staff or peers. Our website for professionals is <http://cpc.aa-seta.org>
- If you could do any or all of these things, you are carrying the message through CPC service!

Q: What's CPC?

A: CPC stands for Cooperation with the Professional Community, it's a standing committee at the Area level and often in Districts as well. Individuals can do CPC work with simple but important activities like the one above.

- **CPC Committee Purpose** – *"Members of C.P.C. committees inform professionals and future professionals about A.A.— what we are, where we are, what we can do, and what we cannot do. They attempt to establish better communication between A.A.s and professionals, and to find simple, effective ways of cooperating without affiliating."* – reprinted from *Cooperation with the Professional Community Workbook, page 5, with permission from A.A. World Services, Inc.*
- **Professionals are:** Basically, anyone that comes into contact with an alcoholic through their professional work, some examples include: Doctors, lawyers, judges, cops, therapists, counselors, nurses, probation and parole officers, clergy, social workers, etc....
- There's a whole bunch of professionals in South East Texas Area, far more than the few active members of the SETA CPC committee can reach by themselves, so consider helping by taking the actions suggested above, or if you're willing, come to the SETA CPC Committee meeting: We meet the first Monday of each month at 7:30pm at the Spring Branch Memorial Club, 1200 Blalock Rd, Suite #378, Houston, 77055; or you can join via Zoom: <https://zoom.us/j/330417285>
- For more information or to help, please contact us at cpc-chair@aa-seta.org

Cooperation with Professional Community (CPC) Committee

Alt LITERATURE CHAIR

Hello to All SETA AA Members,

To raise the awareness for A.A. Conference-approved literature, audiovisual and other special items. Currently, our committee is reviewing background information from G.S.O. in preparation for the round table discussion at April's Assembly. Also, we have monthly Zoom meetings every third Tuesday of the month from 8:30 – 9:30 pm.

There are several new literature items from G.S.O in the *"What's New on AA.org"*

First, the spring edition of **Box- 4-5-9 Spring 2019 – Our Great Responsibility.** "Rediscovered wisdom from A.A.'s co-founder: this issue contains information on a soon-to-be-released book comprised of 16 of Bill W.'s talks at the General Service Conference—the first original book from A.A. in over 30 years. The issue also features an article on carrying the message to alcoholics who are Deaf or Hard-of-Hearing, along with a report on a recent trip to Cuba by one of our nonalcoholic trustees to meet with professionals there who are looking into ways that A.A. and the medical profession can cooperate to help alcoholics."

Second, the **2020 International Convention Invitation Video** includes; "A video/flyer invitation for the 2020 International A.A Convention is available for viewing and download on the International Convention page of G.S.O.'s website. The video/flyer is available in three different time-lengths for ease of viewing and sharing (1minute 45 seconds and 20 seconds) please take a look and pass it on!"

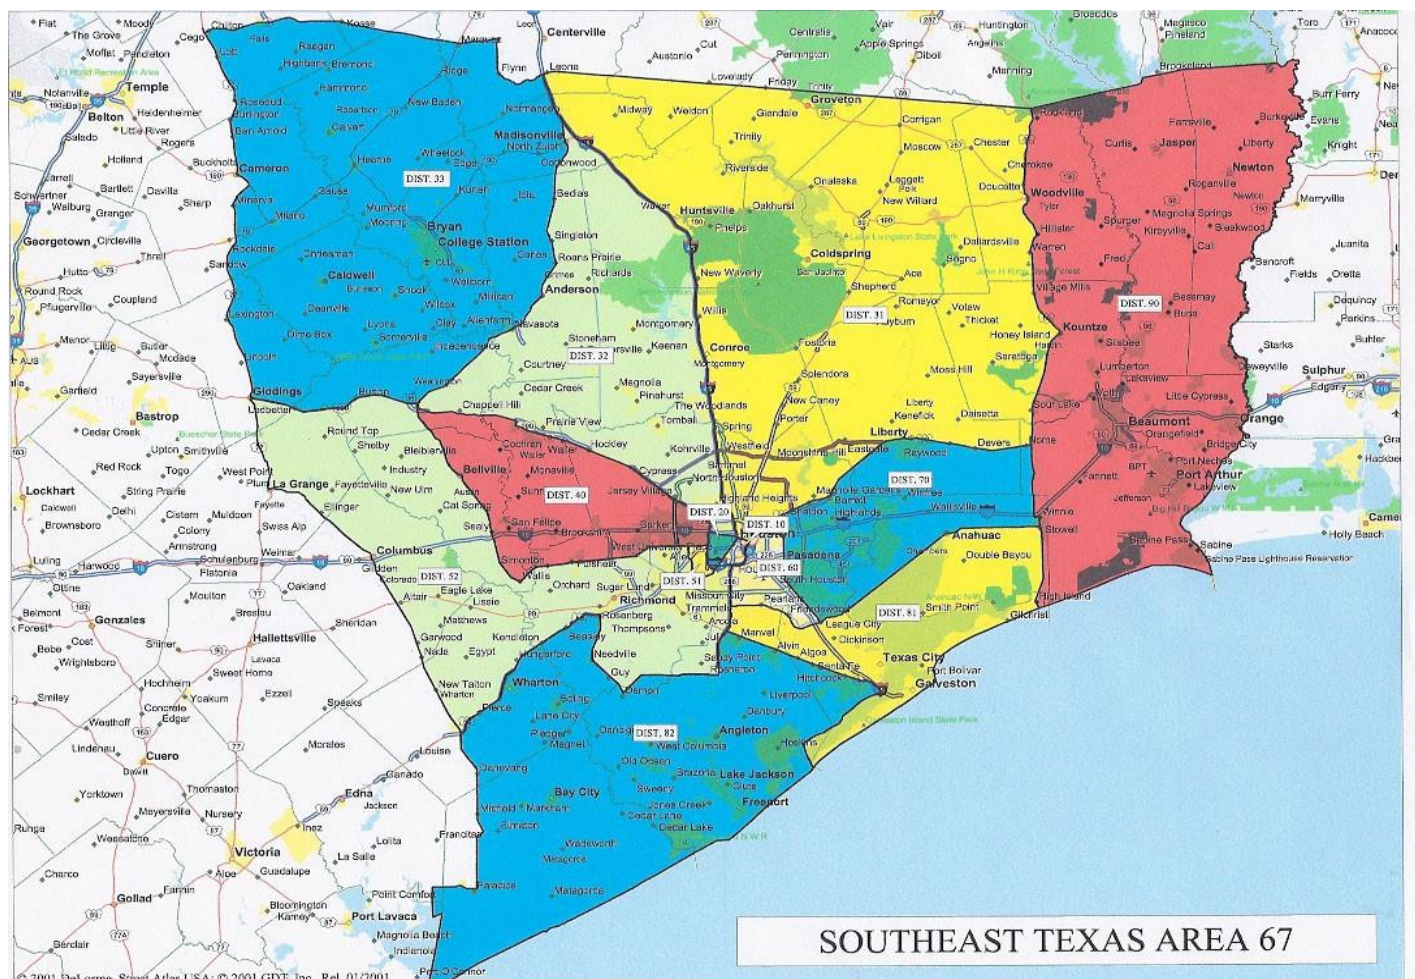

Third, the **2020 International Convention Frequently Asked Questions** – Registration, Housing, & Transportation is readily available to start making plans for July 2 – 5, 2020.

Lastly, G.S.O. added the video PSA **"Changes"** whereas it illustrates how drinking can take over a person's life while emphasizing the hope and support available in A.A. for those whom are looking for a chance at a new beginning without alcohol.

In Love & Service,

Elizabeth G. Alt. Chair Area 67

Because AA has never attempted to keep formal membership lists, it is extremely difficult to obtain completely accurate figures on total membership at any given time. The information shown here is based on reports given by groups listed with general service offices (G.S.O.s) around the world and does not represent an actual count of those who consider themselves A.A. members. We are aware of A.A. activity in approximately 175 countries, including 61 autonomous G.S.O.s in other lands.
